

RESILIENCE IN VET EDUCATION

ABOUT THE PROJECT

LOTUS supports the development of digital pedagogy and expertise of VET teachers, focusing on the creation and innovative use of digital education content. Using DigCompEdu our focus is on building educators' pedagogic competences in the areas of teaching & learning, and digital resources.

Through LOTUS, we are supporting VET learners to develop their career management skills and build their resilience to cope with the changing nature of work and the labour market.

The objectives of LOTUS are, to:

1. Design, develop, test and implement a robust in-service training programme for VET professionals to develop their digital pedagogy. A Community of Practice will be established for EU-wide networking, sharing & exchange of practice.
2. Develop a Career Management Toolkit for personal and professional development for learners comprising career management resources that will support learners to Prepare; Search and Secure employment post qualifying.
3. Develop an evidence -informed MOOC to address resilience-building within the VET community for educators and learners using the 3P model of resilience - Personalisation, Pervasiveness, and Permanence.

TEACHING AND LEARNING RESOURCES

LOTUS provides three innovative packages of teaching and learning resources that can be used directly by VET educators and learners in their day-to-day educational activities across Europe.

1. In-service Training for VET Professionals to build digital pedagogy
2. Career Management Toolkit for VET learners
3. LOTUS MOOCs for Resilience Building

PARTNERS

The project team behind LOTUS brings together six organisations from Ireland, Austria, Croatia, Czech Republic, Italy and Portugal.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them. Project Number: 2022-2-IE01-KA220-VET-000099488

MAKE A CONTRIBUTION TO THE LOTUS PROJECT

There is an open invitation throughout the lifetime of the project for members of the VET community to join the LOTUS Local Stakeholder Panels (LSPs). The members of these panels will work with the local project partners to inform, shape, test and evaluate the teaching and learning resources of the project. If you have time and expertise to share, we would love to hear from you. Please contact your local partner.

Co-funded by
